Public Works Complex 1500 Beatty Street, Greenville, North Carolina

REDUCE REUSE RECYCLE

If you have recyclable items and would like to dispose of them, this is your opportunity. This special collection day will be open to the general public. Listed are all items to be accepted. Should you need further information, call 329-4522.

Pitt County Cooperative Extension Service
Pesticide Collection Day
Get Rid of Your Old Pesticides!

Ever find any unwanted pesticides in old, out-of-the-way closets, buildings, or storage areas? You might also have pesticides that you simply no longer want to have around any longer. It is not illegal to possess pesticides that can no longer be legally used, it is just not legal to use them. Therefore, disposal of pesticides becomes a problem.

There is a Pesticides Collection Day Saturday, April 5, 2003 from 9:00 a.m. to 12:00 p.m. Bring any pesticides (insecticides, herbicides, fungicides, etc.) in the original container and clearly labeled to the Public Works Department, 1500 Beatty Street, Greenville, North Carolina. There is no cost to you, but we cannot accept products with unknown identities. This collection day is limited only to labeled pesticides - no paints, solvents, fertilizers, chemicals, detergents, or any other materials not considered pesticides will be accepted.

Where: Greenville Public Works Department
When: Saturday, April 5, 2003 from 9:00 a.m. to 12:00 p.m.
Who to Call: Sam Uzell Pitt County Extension Office, 757-2801 ext. 28
